Calvin Di Pasquale

Product Designer & Builder

I design clear web and mobile experiences and complex B2B interfaces. Independent since 2020, I connect UX/UI design and prototyping with software delivery and workflow automation.

Based near Lyon, France / Available remotely

International mobility: willing to relocate abroad for the right professional opportunity.

EXPERIENCE

Independent
Sep 2020 - Present

Product Designer & Builder / Lyon, France / Hybrid

- Design web and mobile experiences, from user flows and information architecture to design systems and interactive prototypes.
- Build tailored internal tools, API integrations and workflow automations using AI-assisted development.

Node Proptech
Aug 2025 - Feb 2026

UX/UI Designer / Freelance / Remote

- Designed interface flows, mockups and prototypes for real estate technology products.
- Refined layouts and interactions for a clearer, more consistent product experience.

Weaver Technologies
Aug 2023 - Jul 2025

UX/UI Designer / Freelance / Remote

- Designed F5 Scan workflows and Figma prototypes for document checks, status dashboards and mobile QR scanning.
- Designed FabricGraph interfaces for navigating class hierarchies and editing properties and relationships in complex B2B data models.

Monadic Agency
May 2022 - Feb 2023

UX/UI Designer / Freelance

- Redesigned marketing pages and internal tools with a responsive design system and reusable components.

STEAMULO Lyon
Oct 2022 - Dec 2022

UX/UI Designer / Freelance / Lyon, France

- Redesigned internal dashboards and data-heavy interfaces for clearer workflows across web and tablet.

Accessy
Aug 2021 - Aug 2022

Digital Project Manager / Apprenticeship

- Coordinated B2B UX/UI projects, from functional requirements and interface design to implementation and delivery.

Exceldorado
Apr 2021 - May 2021
